78. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills. Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

All Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

DOMINION ORDERS IN COUNCIL.

[1066]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 27th day of April, 1912.

PRESENT:

HIS ROYAL HIGHNESS THE GOVERNOR-GENERAL IN COUNCIL.

WHEREAS by an Order in Council dated 21st day of June, 1901, regulations were established providing for the issue of a licence to keep a theatre or similar place of amusement within the National Parks, the fee to be \$10, and the licence to expire on the 31st of May next after the date of issue:

And whereas a moving-picture show is operating in Rocky Mountains Park, and as there is great danger of fire from the operation of moving-picture machines unless proper precaution is taken, it is considered advisable that regulations should be established calculated to furnish adequate protection to the public attending these shows within Dominion Parks:

Therefore His Royal Highness the Governor-General in Council, in virtue of the provisions of section 18 of the Dominion "Forest Reserves and Parks Act," assented to on the 19th May, 1911, is pleased to order and it is hereby ordered as follows:—

That the following regulations be established to be observed by every user, exhibitor, and operator of a cinematograph, moving-picture machine, or other similar apparatus within the Dominion parks:—

1. No theatre or place of amusement shall operate a cinematograph, moving-picture machine, or other similar apparatus without first securing a licence from the Park Superintendent therefor. A fee of \$1 shall be payable for such licence. No person shall operate any of these machines without first securing an operator's licence from the Park Superintendent at a fee of \$1, and the licence shall not be transferable. These licences shall expire on May 31st next after date of issue.

The Park Superintendent shall at any time have authority to cancel such licences for cause.

2. All machines shall be located within a cabinet of style and size agreeable to the Park Superintendent. The cabinet shall be lined inside throughout with two-ply of fourteen-pound pure asbestos paper and covered with metal, door opening outward with spring and shall have no lock (provided that any other fireproof cabinet that passes inspection of the Park Superintendent or officer authorized to inspect same may be used), and shall be equipped with an automatic cut-off, each opening to be equipped with fusible links or wire; all wires conveying electricity to this cabinet to be properly insulated by porcelain tubes or other proper insulating substances. A switch within the cabinet shall be enclosed in a fireproof box.

In the event of the lamps of the machine being lighted by any means other than electricity, the equipment shall be subject to the approval of the Park Superintendent.

The cabinet shall be kept clean and free from any articles not required for performance. A fire-extinguisher of the Carbonic Acid Gas or other pattern approved by the Park Superintendent, in

good working order, shall be kept within the cabinet.

3. All machines shall be equipped with fireproof magazines, automatic fire shutter, asbestos wire connections throughout not smaller than No. 8 (except as hereinafter provided), and shall be worked by hand. Where a rheostat is used it shall be set on marble, or slate, at least one inch thick in a fireproof box. All films shall be transferred from one spindle to another in a metal rewinding-box. Machines using smaller current may, on written permission from the Park Superintendent, use No. 10 wire lamp connections.

4. Every operator shall be of the full age of eighteen years. He shall examine his machine and wire connections daily and must devote his time entirely to machine while operating. He shall not permit any person to enter or remain in the cabinet between the times of the opening and the closing of the theatre to the public (except the Park Superintendent, or other officer authorized by him to inspect the machine), and no smoking or lighting of matches (except where necessary to light the lamps of the machine where the lamps are lighted by any means other than electricity) shall be allowed at any time, nor shall reading-matter be allowed in the cabinet or on the person of the operator. No operator shall operate a machine while under the influence of liquor.

5. All "exits" shall be marked with a sign, with letters not less than six inches long, with word "Exit," and to be accompanied with a red light (and no other red lights to be used on the premises). Where the building is lighted by any means other than electricity, special precautions shall be taken to prevent explosions from lamps or fire from any inflammable material coming in contact with the lights. All doors shall open outwards and shall not be locked during time exhibitions are held. All exits must be thrown open for use at the conclusion of every performance.

6. The cabinet shall occupy a position which does not interfere with an aisle or passage-way.

7. Two fire-extinguishers of the Carbonic Acid Gas or other pattern approved by the Park Superintendent in good working order, besides a sand-pail and shovel, shall be kept continuously near the operating cabinet.

8. All halls, passage-ways, stairways, or approaches shall be kept free and unobstructed by any camp-stool, chair, sofa, hinged seat, or other obstruction, or by allowing the public to stand in the aisles.

9. All licences shall be issued subject to the implied condition that no exhibition will be permitted on the Lord's Day except in connection with religious services by permit of the Park Superintendent.

10. The Park Superintendent (or any one designated by him) shall have authority to examine all films to be exhibited within the park, and to prohibit the exhibition of films that depict criminal or immoral scenes or films or any supplementary performances, such as songs or recitations, which may, in his judgment, be in any way objectionable.
